## We're Here to Help

Phone support is available Monday – Friday from 9 a.m. to 6 p.m. CST, or submit a question and we'll respond as quickly as possible.

# Using Your Client Dashboard

Your client dashboard will become the central document repository and management tool that will allow you to actively manage your entity. You can always access your client dashboard by using the order number and email address associated with your order. Below are some helpful links provided to orient you with the features of the client dashboard.

**CHECK MY  
ORDER STATUS**

## Login

Use this link to access your client dashboard directly from our site. The login credentials will always be the associated email address and order number.

## Company Information

Review and obtain pertinent company information. (Please remember to always keep a valid email address on file as this will be the primary method of contact)

## Order History & Receipts

Use this tab to review company order history and to access associated receipts

## Track Status

You can always check the progress of your order or review any pending issues from this tab.

## Registered Agent

Obtain the name and address of your designated Registered Agent and review important documents. (Documents received by your agent will be uploaded to the Registered Agent tab and a corresponding notification email will be deployed.)

## Ongoing Requirements

Always be in the know of any ongoing requirements, such as annual reports or other obligatory filing requirements associated with your entity. A Documents tab will also be available to you upon the completion of the order.
